

# Snakebite first-aid

## IN CASE OF A SNAKEBITE:

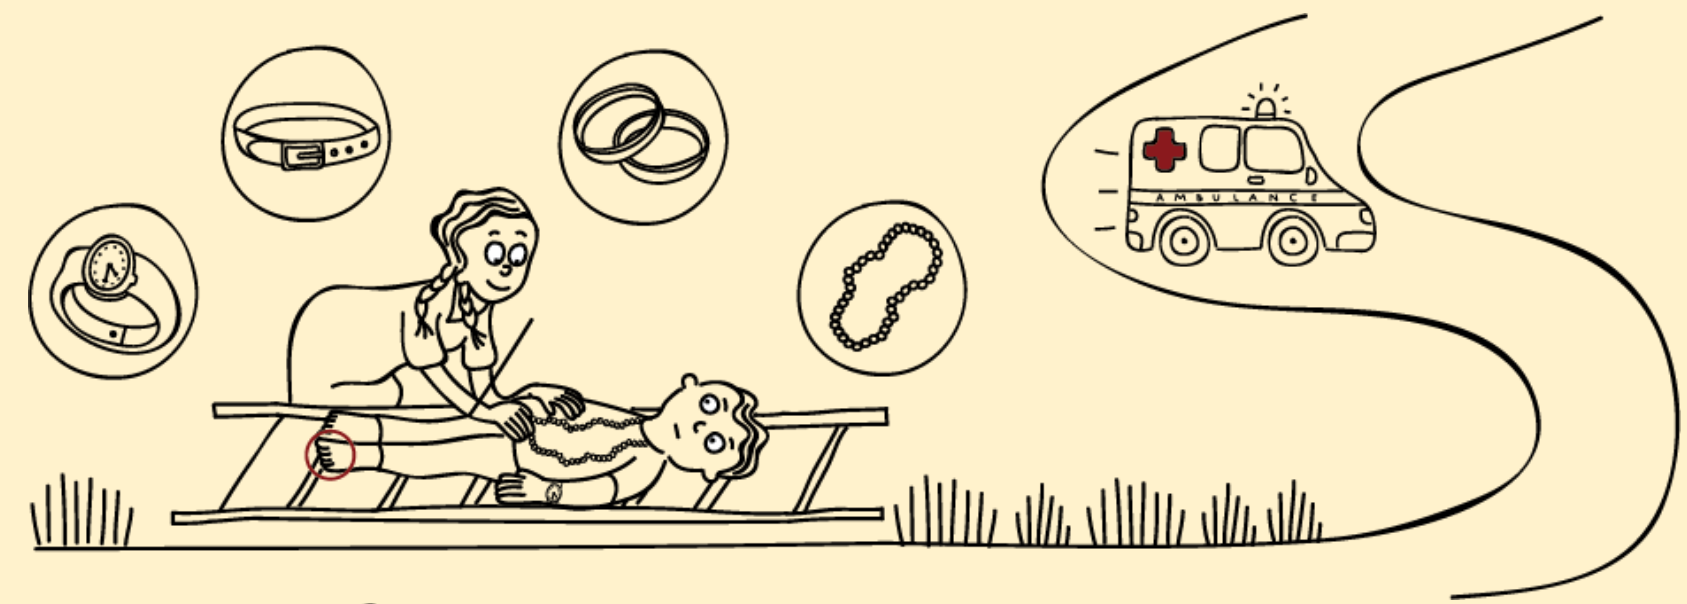

**Move away from the snake and do not panic**

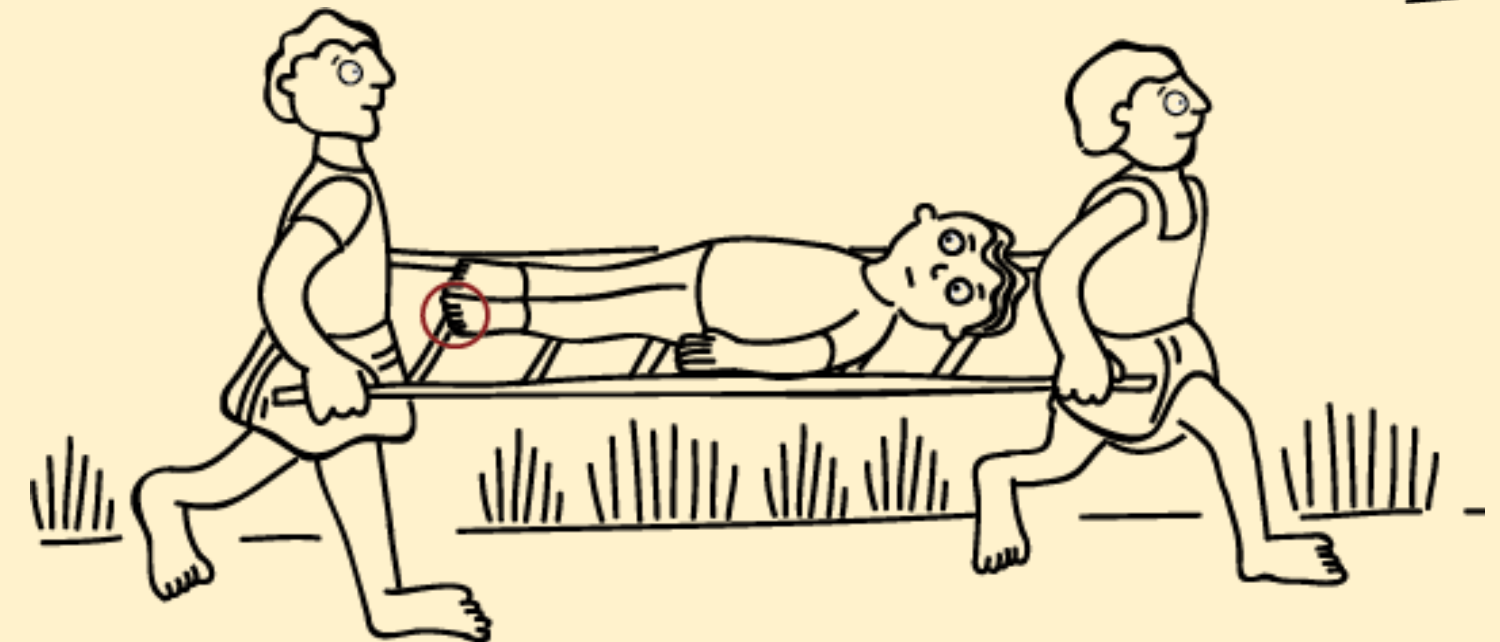

**Call for help**

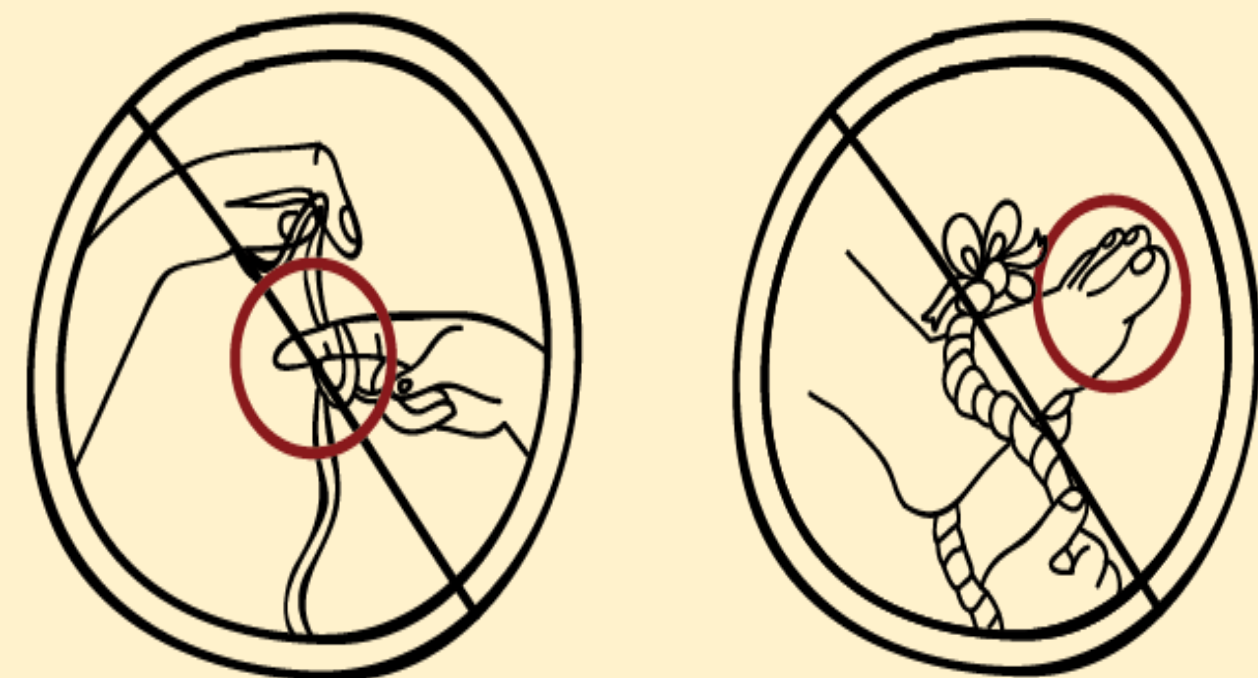

**Remove jewelry from the bitten area such as rings, bangles, watches, anklets, etc**

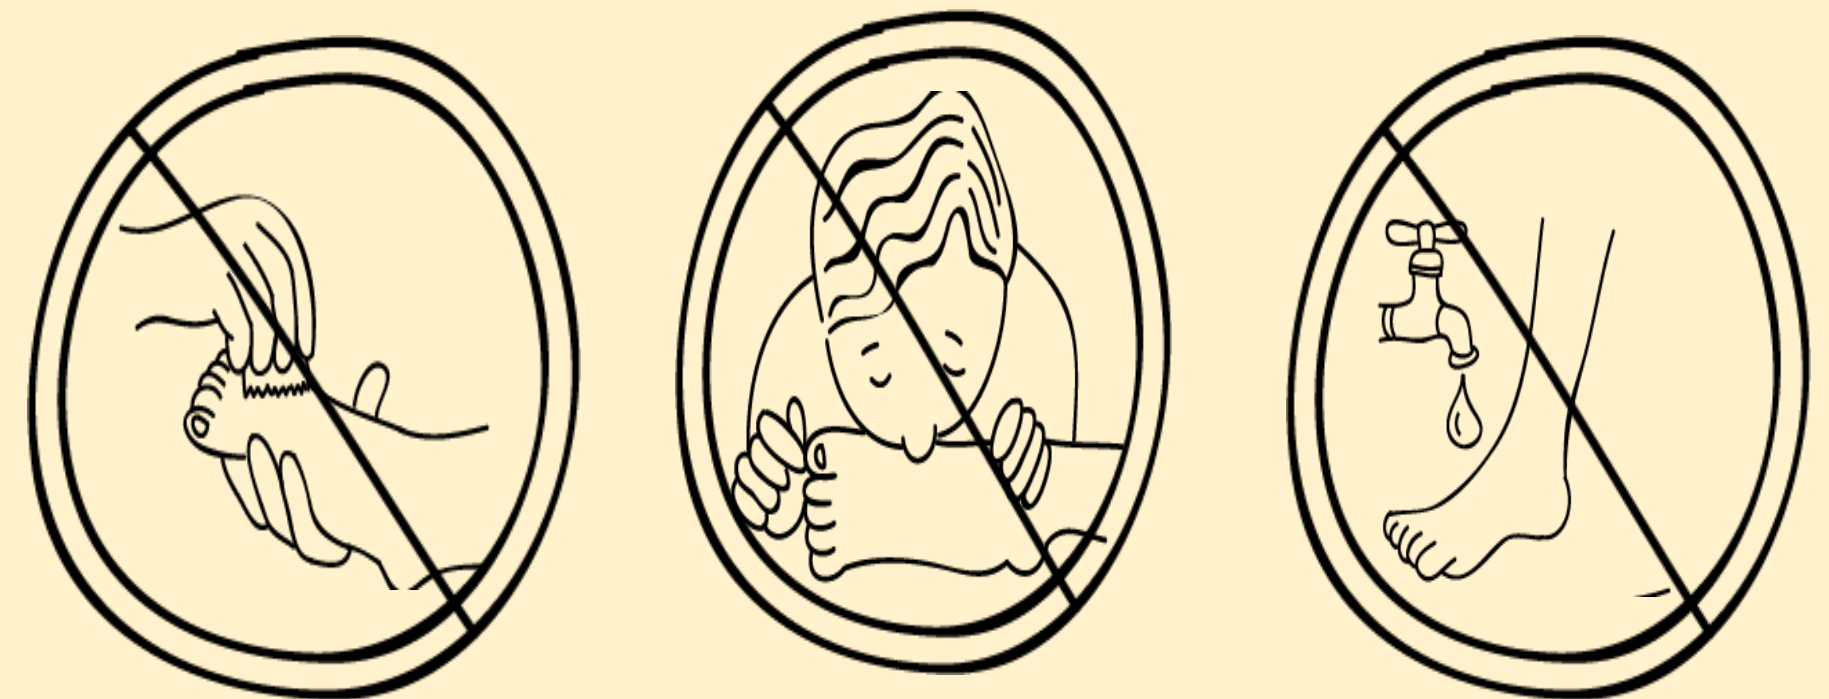

**Keep the patient still. Don't move or bend the bitten limb**

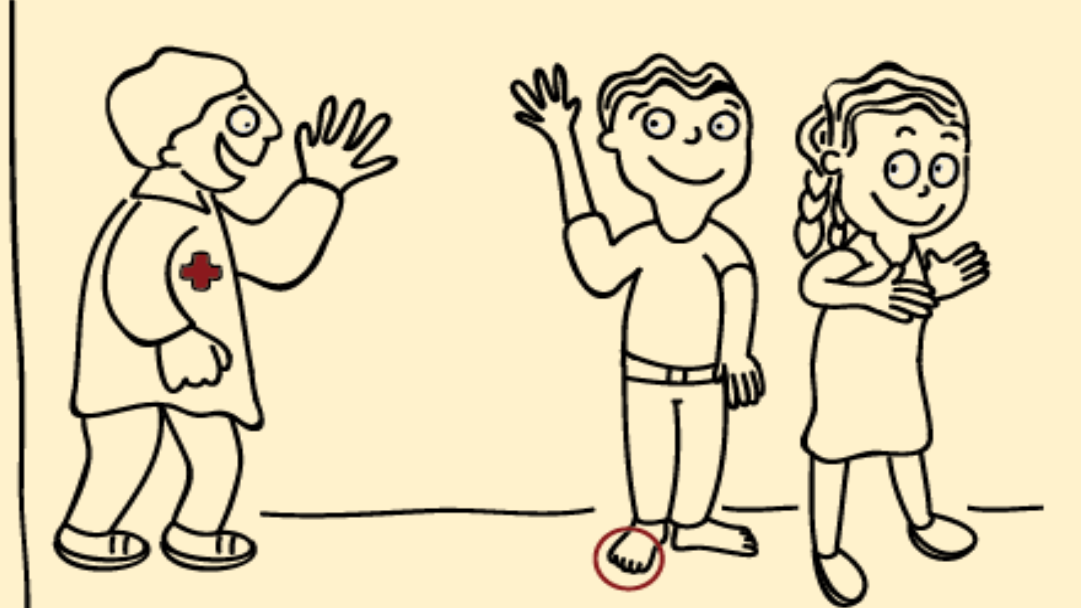

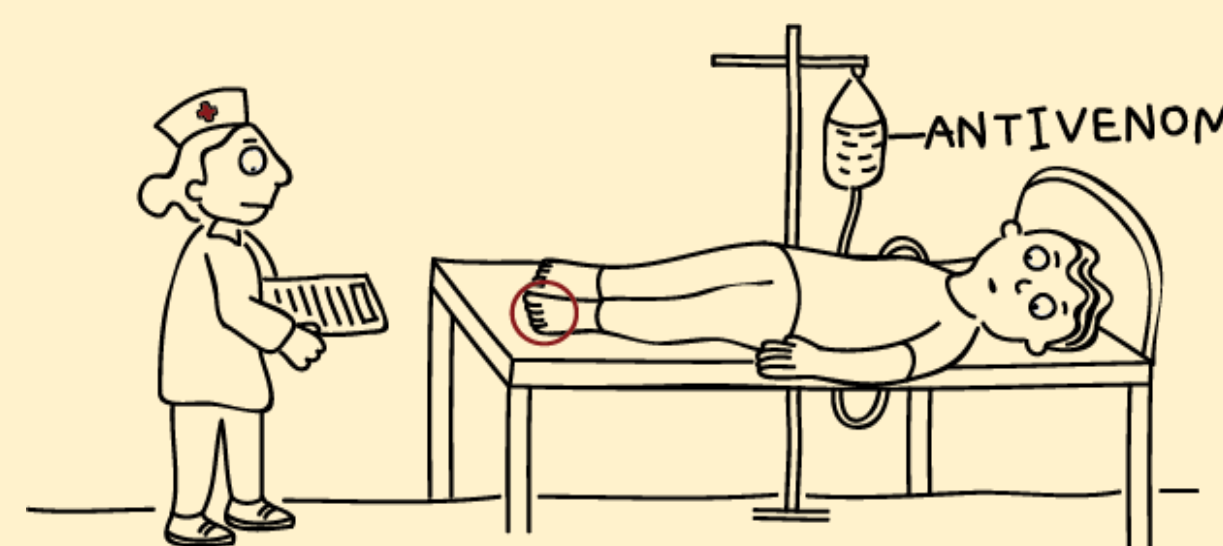

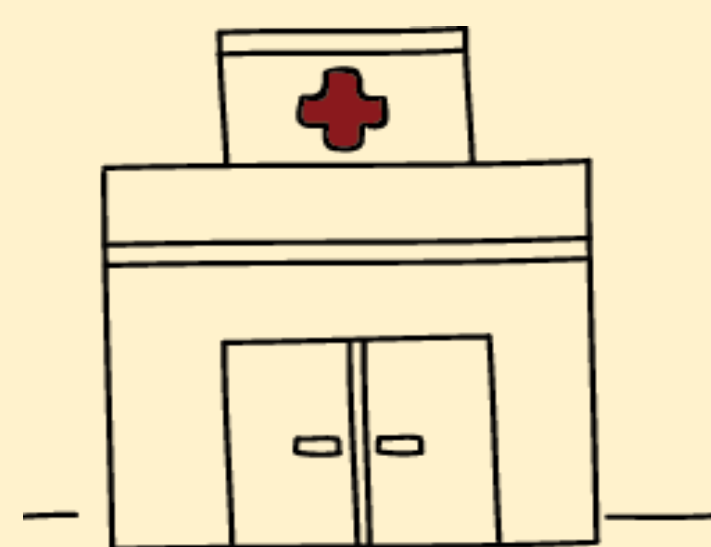

**Do not tie a rope or cloth around the bitten limb**

**Leave the bitten area alone – Do not cut, suck etc.**

**DO NOT WASTE TIME. GET TO THE HOSPITAL FAST!  
AN INJECTION OF ANTIVENOM IS THE ONLY CURE!**
